

POSTER PRESENTATION: SESSION 2

1) BONE MARROW TRANSPLANTATION

- D2-01 Incidence and outcome of CMV infections in pediatric patients undergoing allogeneic BMT for leukemia**
LIM Li Min, VILLEGAS Mariflor, EGUARAS Ann and TAN Poh Lin
- D2-02 Double Glutathione S-Transferase null mutations may predict severe hepatic toxicity in patients receiving busulfan-based preparative regimens**
TAN Poh Lin, BLAIR Sally, CHEN Siew Peng, WANG Lingzhi, Leow Alex, KOH Pei Lin, GOH Boon Cher and YEOH Allen
- D2-03 Durability of minimal residual disease prior to BMT: can we improve on its prognostic value for patients with childhood acute lymphoblastic leukemia?**
VILLEGAS Mariflor S, TAN Poh-Lin, CHAN Yiong Huak, YEOH Allen Eng-Juh and QUAH Thuan-Chong
- D2-04 A Case of Hepatitis Associated Aplastic Anaemia Following Living Related Liver Transplant**
YEAP Frances, BLAIR Sally, VILLEGAS Mariflor, EGUARAS Ann and TAN Poh Lin

2) SOLID TUMORS

- D2-05 Outcome of Childhood Ependymoma Treated in a Single Institution Over 12 Years.**
CHAN MY, GAN BK, CHIN F, SETHI V, SEOW WT and TAN AM
- D2-06 Multidisciplinary approach to Ewing's Sarcoma Family Tumors: experience at National University Hospital**
SABAI Saw Myat, KHAING Than Dar, PHO Robert WH, NATHAN Suresh and AUNG LeLe
- D2-07 Treatment related late effects in pediatric central nervous system germ cell tumors: experience at National University Hospital 1989-2005**
AUNG Thanda, SABAI Saw Myat, KHAING Thanda, QUAH Thuan Chong, YEOH Eng Juh and AUNG LeLe
- D2-08 Four Filipino patients with intracranial germ cell tumors treated in a brain tumor center**
KIMPO Miriam S, JABSON Arman, MUNOZ Edwin, ISON Claro, RIVERA Ignacio, FRAGANTE Edilberto, GIMENEZ Michael, MERCADO Eduardo and AGUILAR Jose
- D2-09 Retrospective study of demographic and treatment outcome of children with medulloblastoma: An institutional Experience**
TAN Hong Jin, YEOH Seoh Leng and NALLUSAMY R.
- D2-10 Profile and outcome of brain tumor patients at a public tertiary hospital in Davao City, Philippines**
DIEZ Cheryl Lyn, AGBISIT Gilda and DOLENDO Mae Concepcion
- D2-11 Five years experience of management of neuroblastoma in Yangon Children's Hospital Myanmar**
KHAING AyeAye, TIN HtayHtay, HAN Htoo, HNIN TintMyo and KHIN KyuKyu
- D2-12 Neuroblastoma: Experience of National University Health System: 1989-2005**
TAN Charlene, KHAING Thanda, SABAI Saw Myat, JOHARI Norehan, AUNG Thanda, QUAH Thuan Chong and Aung LeLe.

- D2-13 Outcome of children with rhabdomyosarcoma at University Malaya Medical Centre, Kuala Lumpur over a 30 year period**
CHONG LA, CHENG JQ, ARIFFIN H, RAMACHANDRAN S, CHAN LL and ARIFFIN WA
- D2-14 Clear cell sarcoma of left cheek in a 10-year-old girl: A case report**
LOH C-Khai, WONG Chee Yeng, ZARINA A Latiff, NORAIDAH Masir, RAHMAN Jamal, ALIAS Hamidah
- D2-15 Clinical profile of childhood solid tumors in Mandalay Children's Hospital**
KYAW Yi Yi, PE Thet Khin, AUNG Mra, HTUT Phyu Phyu, KHIN Sein Win
- D2-16 Early occurrence of second malignant neoplasms in children treated for solid tumors**
CHAN MY, MYA SN, LAM J and TAN AM

3) GENERAL ONCOLOGY AND HEMATOLOGY

- D2-17 Second malignant neoplasms in survivors of childhood cancer**
R Aisyah, M Bina Sharine, AR Eni Juraida, L Yin Sear, M Zulaiha, R Hadibiah, M Mahfuzah, O Ida Shahnaz, T Asohan and I Hishamshah
- D2-18 Reversible posterior leukoencephalopathy syndrome in Chinese children induced by chemotherapy – a review of 5 cases**
BELARAMANI Kiran Moti, LAI Vincent, LI Chak Ho, LEE Chi Wai, Anslem, KWONG Ngai Shan
- D2-19 Results of a Prospective Clinical Trial of 39 Children with Hodgkin Lymphoma in China**
DUAN Yanlong, ZHANG, Yonghong, Lingjin, YANG Jing, and ZHANG Rui
- D2-20 Pathological Overview of Childhood Hematological and Solid Malignancies in Yangon Children's Hospital for two years**
Htay Htay Tin, Aye Aye Khaing, Htoo Han, Aye Aye
- D2-21 Autoimmune Hemolytic Anemia at Yangon Children's Hospital**
Hnin TintMyo, Khaing AyeAye, Tin HtayHtay and Khin KyuKyu
- D2-22 Small cell lymphoma of the tonsils presenting as obstructive sleep apnea**
ROBLES, JDR and CHUA MN
- D2-23 Adverse health status of childhood cancer survivors: a report from Singapore Childhood Cancer Survivor Study**
SABAI Saw Myat, CHAN Yiong Huak, KHAING Than Dar, YEOH Allen Eng-Juh, QUAH Thuan Chong, TAN Poh Lin, CHAN May Yoke, TAN Ah Moy and AUNG LeLe
- D2-24 Use of cefixime prophylaxis in preventing chemotherapy induced febrile neutropenia among pediatric patients with malignant solid tumors at the Philippine General Hospital**
MARTINEZ Bee Jane T and ALCASABAS Ana Patricia A
- D2-25 Surveillance of bacteremia and antibiotic susceptibility patterns in children with febrile neutropenia**
RAMACHANDRAN Shanti, CHONG Leeai, ARIFFIN Wan Abdullah, LEE Lee Chan, ARIFFIN Hany

4) OUTREACH AND TRAINING

- D2-26 Pediatric Oncology Nurse Training Course at a Public Tertiary Hospital in Davao City, Philippines**
DOMINGO Michael, PERIN Chris, CHIU Wella, OBENZA Beth, COMODA Vilma, DIZON Marichelle, DOLENDO Mae, ONG Jeannie and PECSON Grace
- D2-27 Report of volunteer pediatric hematologist-oncologist visit to Angkor Hospital for Children**
KEA Sreng, KUMAR Varun and KEAN Leslie
- D2-28 Global Health and Pediatric Oncology Training: Career Development of International Pediatric Oncology Fellows Trained in Sydney**
KELLIE SJ, LI M and HALL J
- D2-29 The Pediatric Oncology Helpline in National University Hospital — A Report on the Implementation of a New Service**
LEONG, Katherine SP, TEH, Dixie S, TEO, Xiuping, TAN LML, BLAIR S, SANTHA V and QUAH, TC.
